## Successful Bank Account Garnishment Relies on— Quality, Quality, Quality. Don't Collect Dust, Collect on Your Judgments.

The success of bank account garnishment relies on locating the right bank. Save your time and cost with the most accurate and cost-effective asset recovery solution— MasterFiles Verified Bank Locates.

### Why MasterFiles Verified Bank Locates?

We know how essential it is to identify where a debtor currently banks. Every hit we return to you is verified by a live person, ensuring that you get the most present data while increasing profitability. In addition, our low price allows you to not only reduce the total cost of judgment collection, but also lower the risk of unsuccessful garnishment.

### How Does It Work?

With Verified Bank Locates, you can know exactly where your debtor banks and maximize debt recovery with little cost and little effort. The process is turnkey and fully automated. The moment a file is submitted, we will conduct a nationwide search on all bank accounts associated with your debtor, uncovering:

- Bank name
- Branch address
- Branch phone number
- Routing number
